Subject: Re: current version of Q&As

---

I've added in a couple more questions and made some suggested edits.

Ada folk - please review/augment as needed.

---

Here is the current version of the Q&A document- it needs some additions from Ada, as well as a general review to make sure we are staying accurate. Can you, Dom and/or Rick fill in the blanks and give it a careful review? I think the goal was to be able to send it as a draft to USGS by cob today (is that right, Jose?).
